

*Summer 2020,*

*Hello everyone, summertime is here! And it is time to let you know what we will be doing for July and August 2020. We have come to the conclusion that a work-life balance is our best approach during this COVID-19 season. It is imperative that we keep our family and crew safe, as well as the thousands of visitors who come to Snug Harbour each summer and yet remain open and still provide some of what Snug and Gilly's has always offered.*

*In order to do this in a sensible way, things will look different this year. We will be operating our restaurant Thursdays-Sundays 12-7.*

*We will be offering take-out, the same great food and drinks as always, including local craft beer and a fabulous wine selection at great prices, (our signature cocktails will not be mixed or muddled this year).*

*In order to avoid line-ups and crowds, you must call ahead to order and arrange a pick-up time (Call on the day after 11:30). Food can be enjoyed at our outdoor tables or taken home.*

*Although Snug Harbour itself is a destination for many visitors, Gilly's Restaurant is its own business with rules. We have taken away our upper restaurant parking lot and added picnic tables that now serve as our patio, in conjunction with our small deck. Parking is available in the lower marina lot.*

*Indoor washrooms remain closed; outdoor facilities are provided and will be cleaned regularly.*

*Boaters are encouraged to consider using the Government docks at the end of Snug Harbour Road unless purchasing gas. (this will help avoid congestion of too many guests in our snug space).*

*There are safety measures/rules that apply to Gilly's Patio:*

- *Six people to a table. Tables must not be moved to accommodate larger groups.*
- *Shoes are recommended. Shirts and Shorts are required.*
- *Dogs must be on a leash and must behave.*
- *No smoking.*
- *No outside food or beverages.*
- *Open alcohol must be consumed on patio, not taken out. Please ask to have wine recorked.*
- *Please recycle where possible and remove your own garbage.*

*We welcome visitors to Snug Harbour and encourage guests to not arrive in groups of more than six, to stay near their own vehicles (car or boat) and to not enter the store until one of our crew invite you in. Patience is required!  
One family in the store at a time, maximum 6 people.*

*We wish everyone a safe and happy 2020 summer and ask for your understanding and patience.*

*Thank-you.*

*Sarah, Terry and Crew*
